REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claims 20-28 are pending. Claim 20 is the lone independent.

Applicant's arguments filed 11-23-05, with respect to the connection between vapor lock and a critical point have been fully considered and are persuasive. The prior art discloses circulating cryogen at regions not "near the critical point" of the cryogen's corresponding phase diagram as found in claim 20.

Terminal disclaimers to obviate prior Double Patenting rejections were accepted 6-2-06.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Peter J. Vrettakos whose telephone number is 571-272-4775. The examiner can normally be reached on M-F 9-6.
